Asalam Alaikum Brothers/Sisters,

The entire Muslim community in the Triangle extends its heart-felt thanks for your generosity during this construction and expansion time. We ask almighty Allah swt to reward you today and the Hereafter. Ameen

The loan program is very simple and easy. We are asking the community members to lend us part of the saving money they have until December of 2008. This program will generate a large sum of cash flow in our hands to go ahead and pay all the subcontractors on time and not delay any part of this project. Then, we will continue receiving money from our community members who have pledged in the previews fundraising events and will pledge in the up coming ones and pay our lenders from that money.

As almighty Allah swt commanded us to write this money loan transaction, we will sign a promissory note to the lender which reflects the amount and the due date for repayment. The loan amount could be from a \$1000 & up. To participate in this great program, please fill out the bottom part of this sheet, sign, and return back at the above address. Inshallah upon receiving your letter, we will send you the loan program package.

Again, we thank you very much for your generosity and support and ask Allah swt to accept your good deeds and reward you many folds.

The Fundraising Team  
Islamic Association of Raleigh
